

WESTAF

WESTAF is an experienced technology developer, with five distinct projects that benefit the arts and creative industries:

Creative Vitality™ Suite (CVSuite™)

How vibrant is your creative economy?

The Creative Vitality Suite is a research-based economic development tool that provides high-quality creative economy data and reporting, with information on nearly 80 creative industries, 60 creative occupations, and nonprofit cultural revenues.

Public Art Archive™ (PAA™)

Make public art more public.

The Public Art Archive is a growing, online and mobile database of completed public artworks that provides a suite of collection-management tools for public artists and organizations.

CallforEntry™ (CaFÉ™)

Find calls. Apply. Manage entries.

CaFÉ is the leading online application and adjudication management system used by more than 160,000 artists and over 1,500 organizations to manage public art commissions, exhibitions, fellowships, visual art competitions and more.

GO Smart™

Simplify grants, amplify impact.

GO Smart is an affordable, easy-to-use online grants management system designed for arts administrators by arts administrators that streamlines the grantmaking process, from intent to apply and application creation to panel reviews, awards, and final reports.

ZAPPPlication® (ZAPP®)

Where artists and arts festivals connect

ZAPP is the premiere online application and art fair and festival adjudication management platform for collecting, reviewing, and jurying applications. Artists can easily apply online to multiple art shows using high-quality digital artwork images that are stored in an online profile.

WESTAF | 1888 Sherman Street, Suite 375 | Denver, CO 80203 | 303.629.1166 | www.westaf.org

WESTAF is supported in part by an award from the National Endowment for the Arts.
